

# Telephone Banking System

## BANKING AT THE TOUCH OF A BUTTON

Wildfire Telebanking system is versatile, powerful and affordable, yet easy to deploy and manage. The system is fully compliant with the standard ISO 8583:1987 Message Communication Protocol and hence can be easily integrated with the existing banking systems. Further, it also has the provisions for SMS banking functions. XML based servers and listeners extend the functionality and usability of the system beyond the features provided by the standard ISO communication protocols.

SMS ENABLED

# Telephone Banking System
